### ACHIEVEMENTS: FLUTTER AND ODOO

#### Building a supply chain system:

(Contact, Purchase, Inventory, Sales, and Accounting) — all integrated and synchronized with a mobile app following the same workflow.

#### Mobile Apps Summary:

**Sales - Accounting:** printing report (xPrinter, Epson and Sunmi) customers on map, order analysis and (active-non active) customers.

**Purchase and Inventory:** Includes label printing (via xPrinter), product entry and classification, preparation of goods for each customer order, and management of product from the warehouse and delivery processes.
